

Virtual desktop adapted to your needs – guaranteed fast and secure

Devoteam's ACE framework provides an **enterprise-grade** implementation of **Azure Virtual Desktop adapted to your needs:**

- ▶ Where others use a year, we use **1-3 months**.
- ▶ The migration is guaranteed **secure and compliant**.
- ▶ We **enable** your organisation to operate and innovate **confidently** in the cloud.

AVD from ACE includes:

- ▶ **6+** scenarios
- ▶ **25+** QuickStart templates
- ▶ **100+** design decisions

Assessment

A thorough assessment of the organisation's needs and requirements.

Decisions

Design decisions and recommendations to ensure the right architecture.

Workshops

Strengthen your cloud competence and operate your virtual desktop securely.

Automation

Automated deployment and quick provisioning of AVD with QuickStart templates.

Operate

Easy maintenance, monitoring workbook and get-started guides for end-users.
